

For the past 25 years, in administering many thousands of exams in hundreds of courses I've given more challenging and interesting ABA modified practice Oral Board examinations than anyone in the USA—bar none.

It's been fun, an honor, and I'm proud to have helped tens of thousands of fine anesthesiologists pass the exam and move on with the rest of their lives, families, and careers.

Over this same time, I've developed many highly honed, proven, and focused materials to help people pass Oral Boards.

I know that my time tested, always evolving, interesting and challenging cases will help any serious ABA Oral Board candidate.

I train the best to be their best, simply put, and I look forward to working with you.

Sign-up on the ordering part of the site for one or more exams. Leave your pertinent information, and we'll contact you to set up a mutually agreeable time(s).

In this way, I can definitely help you put your best foot forward on Oral Boards Gameday.
